Madiun, East Java, Indonesia

Informatics Engineering graduate with hands-on experience in data analysis, business intelligence, dashboard development, database management, and operational reporting. Proficient in Python, SQL, Excel, and Power BI, with strong analytical, problem-solving, and system analysis skills.

Work Experiences

CV. Mebel International - Semarang, Indonesia <i>Data Analyst Intern</i> - Developed operational dashboards and automated reporting using Google Sheets, advanced formulas, Apps Script, and Pivot Tables, supporting production, inventory, warehouse, and purchasing decisions. - Managed 200+ SKU master data and standardized 50+ purchase order templates while improving data accuracy, ERP documentation, and cross-functional operational reporting.	Sep 2024 - Dec 2024
Faculty of IT, Satya Wacana Christian University - Salatiga, Indonesia <i>Teaching Assistant</i> - Assisted lecturers across AI, Software Engineering, UI/UX, Computer Networks, and Discrete Mathematics, mentoring 100+ students in programming, databases, system analysis, debugging, and software development. - Supported laboratory sessions, project reviews, technical documentation, and practical assessments, strengthening communication, troubleshooting, analytical thinking, and teamwork.	Sep 2022 - Jul 2025

Education Level

Satya Wacana Christian University  - Salatiga, Indonesia <i>Bachelor of Informatics Engineering, 3.78/4.00</i> Completed Oracle Academy Database Design & Programming with SQL.	Jul 2021 - Jul 2025
--	---------------------

Organisational Experience

PURE Seminar and Competition - Salatiga, Indonesia <i>PR and Sponsorship Division Coordinator</i> Secured sponsorships from 3+ companies, increasing event funding by 20%, while coordinating a 10-member PR team.	Apr 2024 - Sep 2024
--	---------------------

Projects, Skills, Achievements & Certifications

- Data Engineering Project - Enterprise Manufacturing Data Platform & Production Intelligence  (2026)**: Designed and implemented an end-to-end manufacturing data platform using Python, SQL, and DuckDB, developing automated ETL pipelines, dimensional data models, data quality validation, and interactive dashboards to enable KPI monitoring, production intelligence, and data-driven operational decision-making.
- Business Intelligence Project - IoT Financial Operations Performance Intelligence  (2026)**: Developed an enterprise Business Intelligence solution using Python, SQL, R, and Streamlit, integrating 8,900 IoT-enabled financial operational records into executive KPI dashboards, analytical marts, and predictive risk analytics to support operational intelligence and executive decision-making.
- Hard Skills**: Python, SQL, Power BI, Tableau, Microsoft Excel, Google Sheets, PostgreSQL, MySQL, Data Analysis, Business Intelligence, Data Engineering, Data Visualization, Dashboard Development, ETL, Data Cleaning, Machine Learning, Git, GitHub, Figma
- Soft Skills**: Analytical Thinking, Problem Solving, Critical Thinking, Technical Communication, Teamwork, Leadership, Data-Driven Decision Making, Adaptability, Attention to Detail, Time Management
- Achievement - Letter of Acceptance (JTIK Universitas Brawijaya)  (2025)**: Research paper titled "Application of K-Means and DBSCAN Clustering for Heart Disease Risk Analysis in Diabetes Patients" accepted for publication in JTIK, demonstrating competencies in data science, clustering algorithms, machine learning, and analytical research.
- Achievement - Certified Internship (MSIB Batch 7)  (2024)**: Successfully completed the Ministry of Education Certified Internship Program, applying data analytics, dashboard development, ERP support, and collaborative problem-solving in a real manufacturing environment.
- Certifications  (2026)**: OCI Certified Architect Associate, Oracle AI Database Certified Foundations Associate, OCI AI Foundations Associate, OCI Certified Foundations Associate, Agentic AI Certified Foundations Associate
